Steps to follow – Please read carefully

1. Read thoroughly the entire form so **you** understand what is required to complete this form.
2. Do not wait to start this process. Bloodwork and immunizations can take a number of appointments.
3. Obtain **immunization records** from one of these sources:
 - a. Local Public Health Unit – this is the easiest and most reliable form
 - b. Yellow Immunization card
 - c. Contact your family doctorIf you are unable to obtain records, contact your campus designee as noted below
4. Book an appointment with your health care provider for **bloodwork** and any missing immunizations.
5. Follow-up with your health care provider regarding bloodwork results to check if you need boosters.
6. Attach copies of immunization records and bloodwork results.
7. Submit completed Immunization-Communicable Disease Form to your designated St. Lawrence College Campus * one month before the start of first semester.

It is important to fill this form out correctly and completely, please email us with any questions at Immunizations@sl.on.ca

Where the following records do not exist, are incomplete, or are not comparable to Canadian immunization standards the student will be required to complete an adult catch-up vaccine series as defined by the Public Health Agency of Canada. Any costs associated with the completion of these forms are the responsibility of the student.
